

**Join us** at the event of the year for school councils in Alberta.

Opportunity to learn and share with peers from across the province, participate in workshops and gather resources for the school community.

For 2011, a look at the **shift** in the education environment, a system transformation, changing legislation, and the future role of school councils.

Association policy development and board elections take place on Sunday, April 17 at the AGM.

Saturday sessions, update from the Minister and banquet presentation follow the Friday evening opening of critical round table discussions.

Consider, collaborate, and contribute, to the **shift** of continuing excellence in public education.
