

# Planning for School Success

## School Self-Assessment

### Strategies Utilized

***School self assessment involves the examination of data to enhance school performance and student learning. Essentially it is the staff of the school reviewing itself, its successes and its areas of needs through data-informed analysis and discussion.***

Staff involved in data analysis workshop to determine identified needs

Staff involved in data gallery walk and analysis

<p style="text-align: center;"><b>Identified Need</b></p> <p><i>What is our data telling us?</i></p>	<p>Math and numeracy comprehension - placing similar focus on numeracy that our school is currently placing on literacy. <i>Determined that our focus on new mathematics curriculum needed to continue and then assess our need in this area.</i></p>	<p style="text-align: center;"><b>Supporting Data</b></p> <p>Provincial Achievement Results LRSD Satisfaction Surveys</p>
<p style="text-align: center;"><b>Identified Need</b></p> <p><i>What is our data telling us?</i></p>	<p>Technology as an instructional tool. Survey data indicated increased need for training and focus in the use of technology in the classroom with students.</p>	<p style="text-align: center;"><b>Supporting Data</b></p> <p>LRSD Satisfaction Surveys</p>
<p style="text-align: center;"><b>Identified Need</b></p> <p><i>What is our data telling us?</i></p>	<p>Positive results seen in satisfaction surveys in regards to safety and climate for staff and parents but the same satisfaction not reported for students. Student behaviour rated lower for students than other survey areas. <i>Determined that this needed to be examined following a year together as a K-6 school.</i></p>	<p style="text-align: center;"><b>Supporting Data</b></p> <p>LRSD Satisfaction Surveys</p>
<p style="text-align: center;"><b>Identified Need</b></p> <p><i>What is our data telling us?</i></p>		<p style="text-align: center;"><b>Supporting Data</b></p>
<p style="text-align: center;"><b>Identified Need</b></p> <p><i>What is our data telling us?</i></p>		<p style="text-align: center;"><b>Supporting Data</b></p>
